

OUR STATEMENT

As you look at our signs nationwide, as almost every city, town and village in the nation has become part of our extended showroom, we hope our dream is being realised before your own eyes, and we are eager to keep quality appealing signs as part of our life style. We pledge our efforts to bring new and innovative high quality products into market place to better serve the needs of general signage. Our goal is to create a new trend in Corporate Culture

OUR Statement

Sign industries believes that in today's evolving world change is inevitable and so it is necessary to change with the change and take advantage of such change which has been the key element in our success. It is also true that creativity drives the innovation industry and we aim towards the goal of producing and supplying innovative products that meets high quality world class standard and to remain the leading sign industry in East and Central Africa.
