CIVIL ENGINEERING & BUILDING WORKS

Our Ref: SAMOTA/NZG/SB/DAR/2021/07

Date: 18th December, 2020

TO WHOM IT MAY CONCERN

We take pride in saying that SIGN INDUSTRIES LTD of Dar -es -Salaam has been the main suppliers for the road sign for the UPGRADING OF TABORA – URAMBO –KALIUA ROADS, URAMBO –KALIUA SECTION (28KM) Project TO BITUMEN (TRD/HQ/1052/2016/17).

The signs and all fixing and allied products including poles and clamping systems were supplied of high quality. In one instance when the stock of 2.5mm aluminium plates were exhausted of supplies, instead of opting for lesser available options, SIGN INDUSTRIES Ltd used 3.0mm without uploading it on the cost.

After our interaction with our suppliers, we realized their might in manufacturing and of their self-sufficiency, very well equipped in high tech production and well versed with road sign standards and requirements. The attention given to fine accuracy made our work easier and smooth as all finished work was well packed, clearly marked with visual labels and delivered in due time as per the agreed period.

As per our comparative experience, their professionalism is second to none and their business attitude is very accommodative and honest hence without any hesitation, we recommend SIGN INDUSTRIES LTD of Dar es Salaam for any minor or major project for Roads and Traffic signs.

Sincerely,

NAME : SALUM ABDALLAH
